Priority Technology Holdings, Inc. Investigation

Corporate Governance

BFA Law is investigating Thomas Priore's $8.05 per share take-private of Priority Technology Holdings, Inc. (NASDAQ: PRTH). Priority Technology is incorporated in Delaware.

If you are a current Priority Technology shareholder, you are encouraged to submit your information using the form on this page. You may also email adam@bfalaw.com or call 212.789.3619.

Why is the Priority Technology Transaction being Investigated?

Thomas Priore is Priority Technology Holdings, Inc.'s controlling stockholder, chairman and CEO. Thomas Priore owns approximately 56.54% of the company's stock. On September 21, 2026, the company announced that it had agreed to be acquired by entities controlled by Thomas Priore (and certain of his affiliates) in a deal that will give the company's stockholders $8.05 per share in cash.

The deal was approved by a purportedly independent special committee of the company's board of directors, and is subject to approval by the minority stockholders.

BFA Law is investigating whether the terms of this merger are fair to the minority stockholders, and whether the ongoing process to approve the merger is sufficient to protect the rights of the minority stockholders. If the terms of the merger are unfair, or if the company did not deploy sufficient legal protections when negotiating the merger, then Thomas Priore and the company's board of directors may have breached their fiduciary duties to PRTH's stockholders in connection with the merger.
