BFA partner Anne Davis moderated a panel titled 'Recent Developments in Antitrust Law' at this year's Golden State Antitrust & Unfair Competition Law Institute (GSI) in San Francisco. The event gathered leaders from the private and public sectors, along with academics, experts, and judges, for an insightful multi-session conference on the latest developments in antitrust law, trials, and enforcement. It was an excellent opportunity to connect with industry leaders and stay informed on the evolving legal landscape. Lesley Weaver, Joshua Samra, Gregory Mullens and Margo Strakosch from BFA's Antitrust practice were also in attendance.
