

BFA Partners Named to Lawdragon's 500 Leading Litigators in America for 2027

September 11, 2026

BFA is proud to announce that partners Javier Bleichmar and Joseph Fonti have been named to *The 2027 Lawdragon 500 Leading Litigators in America*. This annual list recognizes the top attorneys nationwide who, according to Lawdragon, are the "stars" of the U.S. trial bar and "typically have decades of experience on their feet in leading roles in state or federal courts, before government agencies and international adjudicatory entities."

Javier and Joe offer extensive experience, sharp strategic judgment, and a proven history of success in complex, high-stakes matters. Javier's and Joe's recognition in this year's guide reflects their commitment to advocating for clients and BFA's continued prominence in complex litigation.

We congratulate them on this well-earned recognition.
