

## Consumer, Privacy & Antitrust

BFA's Consumer, Privacy & Antitrust practice champions the rights of individuals, small businesses, and communities harmed by corporate misconduct, anticompetitive behavior, and privacy violations. We are trusted by courts and clients alike to lead complex class actions that drive systemic change and deliver meaningful compensation.

### **Protecting Consumers and Markets**

Our attorneys have secured historic recoveries in cases involving consumer fraud, data privacy breaches, antitrust violations, and unsafe products. We are fearless in taking on powerful corporations—whether challenging deceptive business practices, privacy abuses, or anti-competitive conduct in the marketplace. Our approach is meticulous and fact-driven, ensuring every case is built for maximum impact.

### **Accessible Advocacy, Unmatched Results**

BFA is known for its ethical, transparent advocacy and its ability to secure results that set new benchmarks for consumer and antitrust litigation. We collaborate with whistleblowers, experts, nonprofit organizations, and government agencies to hold wrongdoers accountable and prevent future harm. Our selective caseload allows us to devote the resources and attention necessary to achieve the best outcomes for those we represent.

### **Empowering Individuals and Communities**

We make it easy for potential clients to connect with us and understand their rights. Our team is committed to clear communication, providing guidance and support every step of the way. Whether you are an individual, small business, or municipality, BFA stands ready to advocate for your financial well-being, privacy, and safety.
