White Plains

P: 212.789.2307

Chris Capuozzo is Director, Client Data and Claims at BFA, and manages a team of analysts dedicated to the evaluation of client exposure to alleged securities fraud. The team is at the vanguard of the firm's efforts to recover funds by preparing and submitting class action claims on behalf of institutional investor clients.

With over twenty years of experience in the securities class action field, Chris monitors client portfolios to identify and evaluate investment losses and potential opportunities for BFA clients to serve as lead plaintiff, to participate in direct or derivative actions, to join class action litigation in non-U.S. jurisdictions, and to recover from class action settlements.

Prior to joining BFA, Chris was a Data Analytics Manager at a securities litigation firm, where he managed a team of analysts providing portfolio monitoring services to the firm's client base. Chris was also a Research Analyst at a global leader in class action recovery services. He began his career at a prominent claims administrator, where he processed electronically filed claims from financial institutions across the globe.
